Methodist Church Emphasizes Youth Month In Activity

Membership Drive Is Conducted: Entertainment Is Given

Throughout the month of October the Youth Club has been emphasizing in the Boynton Methodist Church. A drive was made to increase the membership of the church and the club.

To aid in this a contest was held in which one girl won a set of books and two other girls won prizes, ten points for each set was awarded. The boys won with a score of 190 to 184 for the girls.

On Tuesday, October 10, the Religious League was scheduled to be held in the Boynton Junior League. It was then turned over to Mary Jane Thompson, chairman of the membership committee. Membership was held and the group listened to the church service, where girls' choir songs were sung and a Professor Quirk spoke.

BOYNTON MARKET OPENING TO BE A GALA EVENT

On Nov. 15, the Boynton Marketing platform will open with a big "launch" of the new facilities served by the Women's Club. An open house was held and the group went out to enjoy the pleasant weather after the speeches are given that day.

Another interesting fact is that the county and state road department is going to build a road around the platform which will increase the facilities and will improve the price of the land.

The pavement is to be made with asphalt, which is becoming more and more popular.

We wish to urge all those who live in Boynton to come and enjoy the new old-fashioned barbecue.

THANKSGIVING

As Thanksgiving Day draws near again, we should pause to remember the things for which we have reason to be thankful.

We should give thanks that we live in a free America where we can attend school and live happy for the other side of the street where the youth are living in a war-torn world.

Walter Winchell has written, "Every dictator thinks he has his own personal star of destiny. How can the average American, who knows he has 65 stars in his flag shared by every other American, be so sure of his future?" He charged that the American star is fading in the eyes of the world.

The world's leaders must face the facts and realize that the future of the American dream is a shared dream with the rest of the world. We must work together to ensure that the light of education continues to shine brightly in our country.

FOURTH GRADE NEWS

The fourth grade entertained the grammar school with the Hall and Hermitage in Philadelphia, and they also sang four songs from "The Three Bears."

ELEVEN O'CLOCK NEWS

Mrs. Hendricks, fourth grade teacher, received a card from Mrs. Hendricks in Philadelphia.

TENTH AND SIXTH GRADE NEWS

In the fifth grade for language, the students have been working on a project where they make a picture of a castle on the front.

The whole class made a model of a medieval castle and painted it. One of the boys bought a real castle in Scotland and that inspired Jack O'Lantern. It looked very real.

The sixth grade is making a border for the blackboard. It is also making a map of the world and everyone has made a door. They are putting little boys and girls from different countries on the doors and when you open them, there is a picture on the inside.

The first grade says they like it a lot better.

GRADE SCHOOL NEWS

The last school day for the week was Thursday afternoon at the grammar school. The students enjoyed a Hall and Hermitage program in the music room.

A parade formed at the school and marched down Main Street. There were floats and funny faces were the main attractions. Before the parade the fourth grade presented a play at the school which was enjoyed by all.

Dont Look Now, But...

The junior class has started their play practices and the play that usually goes with it. Oh boy! Marvin Blackman and Jack are sure to have met all their difficulties and are giving each other sweetest glances. I hope you two have a month sewing for yourselves.

The pep rally and pep talk seem to have broken up but just as the clock strikes his time, she was with Myron Ryder.

Bernice, what's this we heard about Alice and Bruce? No, it's not true. Alice is just seeing Bruce.

The school is open again. How about the teachers? That's the thing Virginia, don't we all love her? I'm sorry that Clyde and George tease Virgie about continually in chemistry class. We don't know, but we sure would like to know.

Howard Jones is back home. And Leon Burden is just absolutely happy. Have you noticed that glowing radiance about her? We have!

Frances McHale is so happy that Dickie is out again. Goo g'day, that's all she thinks or talks about. Don't mind her, she's in love! What are we all, don't you look at me, I mean, you new comer. Find the cutest little boy on Halloween night and don't forget to tell your sister, Irene. By the way, she is from Georgia and his name is Amos. Don't you know that the presence of me means something.

We hear that Bert Peterson is regular tiller. Bert must have started early.

Alice was busy with her thank you shots. She was taking pictures of the giggle gaggles! Cindy Robbins.

Wayne Austin and Georgiana Clarke are having the sweetest little romance. Isn't it just the true love?

Alice sure is quiet this week. It's hard to believe that she and Jack Whitehead spent the entire week together.

It is all right Alice. True love never runs smooth.

The first grade had the quietest day by following Daisy Hogan's lead.

Whose idea was it to start the freshmen? Well, anyway it's O.K.
